Dear Jennifer,

Thank you, thank you, thank you for all that you did to make my and Sean's wedding day so incredible. The whole day was so much more than I ever could have dreamed of and words cannot express my gratitude to you and Clayre. Everything came together so beautifully, I honestly cannot stop re-playing the day over and over again in my head. You were so helpful in all of the planning and an absolute saint for putting up with my mom and I, throughout it all you remained so unbelievably calm (I don't know how you do it haha). I will never forget your kindness and ability to keep me calm throughout the reception. You truly did an amazing job with or without Clayre by your side. Thank you again for everything 😊

Love, Brittney
